GEN. SCOTT'S REPORT IS SENT

BAKER RECEIVES ALL THE DETAILS

In a Full Review of Punitive Expedition's Operations Since Coming into Mexico.

NEW LINES AND BASES

Impression is Gaining Strength at Headquarters Troops Will Be Withdrawn.

SAN ANTONIO, April 22.—Secretary of War Baker should be in receipt of a report before night from Major General Hugh L. Scott that may assist the administration in deciding whether to withdraw the American troops or send them farther into Mexico. General Scott and Funston today will review in detail the history of the punitive expedition's operations since entering Mexico almost six weeks ago.

Carranza officials have given plausible reasons for moving the forces of General Gomez eastward from Sonora, the troops of General Luis Herrerra south from Chihuahua to Parral, and a considerable force towards Casas Grandes, but should the war office at Mexico City decide later to use these forces to prevent further American military operations, General Pershing will be prepared for any situation.

It is understood that the establishment of other bases and new lines of communication were talked of but the details of the fighting at Parral and the abrupt halt in operations that came as a result were discussed at length.

General Pershing's reports, which are said to contain recommendations that radical changes be authorized, probably will be gone over carefully today.

Overnight despatches from the front indicated no renewed offensive activity. The pursuit of the bandit chieftain remained practically at a standstill and the impression is gaining strength at departmental headquarters that the troops will be withdrawn.

ARE READY TO GO AHEAD IN CHASE OR WITHDRAW

EL PASO, April 22.—Brigadier General Pershing has made such disposition of his forces that the American punitive expedition is equally ready today to proceed quickly in pursuit of Villa or withdraw from Mexico when the future course of operations is determined by the administration at Washington. The troops can be re-ordered from Mexico in ten days, according to army officials at Fort Bliss.

Carranza officials at Juarez reported the situation generally quiet throughout upper Mexico and said every preparation has been made to suppress any disorder that might arise. The Parral district is being filled with Carranza troops and guards have been thrown about mining property.

MEXICAN TROOP TRAIN LEAVES CITY OF JUAREZ

EL PASO, April 22.—A troop train left Juarez Saturday with several hundred members of the Juarez garrison on board who have been ordered to Casas Grandes.

According to Mexican officials these troops are not intended as a reinforcement of the Casas Grandes garrison but will replace the soldiers now there who will be sent to Madera.

FRANK M. TULLY A VICTIM OF GAS

Former Resident of Clarksburg is Found Dead in Bed in Baltimore.

Frank M. Tully, formerly a resident of Clarksburg and brother of Mrs. John H. Clifford, of Carr avenue, is dead in Baltimore, Md., as a result of an accident. He was asphyxiated by escaping gas as he lay asleep in his room of an apartment house in the northwestern section of that city. Detecting the odor of escaping gas, the proprietor broke open the door yesterday morning and found Mr. Tully, clad in pajamas, upon the bed dead. Mr. Tully had retired the night before in his usual good spirits and it is believed that he failed to turn off the gas properly when he went to bed, as the cock of a gas jet was open only a little bit.

The deceased man formerly resided in Clarksburg, when for a few years he was interested in a retail grocery business situated in the Smith building on West Main street, near Second, but he returned to his former home in Baltimore four or five years ago. He made his home while here with his sister, Mrs. Clifford. Their parents, who were Baltimoreans, are both dead. The deceased man was an affable, courteous gentleman and had many friends in Clarksburg, who are pained over his untimely death.

The funeral will take place Monday in Baltimore.

These great truths he summarized as follows:

ARNOLD BODY

Is Not Found as Reported Declares the New York City Police Inspector.

NEW YORK, April 22.—The body of Dorothy Arnold was not found in the cellar of the house outside West Point, where New York detectives searched Friday. Police Inspector Faurot, who is in charge of the investigation, announced Saturday that there was no truth in published stories that Miss Arnold's body had been discovered.

Inspector Faurot expressed his opinion that there was nothing to the story told by Charles Glennorris, a convict in a Rhode Island prison, that he aided in the burial in a West Point cellar of a young woman resembling Miss Arnold.

MR. BOEHM RECEIVES BLACK HAND LETTER

Message is Unique As It Contains Promises Instead of Threats.

Thomas Boehm, of the Morris Grocery Company, is the unfortunary victim of a Black Hand letter joke some one has just played on him. He has just received through the mail a message of the Black Hand sort, which, however, is unique in that it contains political promises instead of threats. The writer sneered his left hand with soot and made an impression of it over the letter. The letter reads as follows:

Look Think sTudy
BEWARE and voTe Rite
mr. Bohm
I kno you goodie man me goodie man to
you Vote for Me me makey You Goodie govner you Vote for me me gets you Sell lots GOODS To Tally Men
Me ketch govner me Make Heap Big WET state For you
Youre Trry
C. P.

Mr. Boehm is shivering—not with fear, but with laughter, as he has traced the letter to its source owing to the fact that it was typewritten and these days of Pinkertons, Burness, Biddingers, Sherlock Holmes and Harry Brooks, it is as easy as falling off a log to trace a certain typewriter from its type impressions. The letter was written in Clarksburg and not at Haywood.

An intense bombardment of the French front before Verdun followed Friday night by an attempt on the part of German troops to advance. The war office statement of Saturday says the advance was prevented by the artillery fire of the French which inflicted heavy losses on the Germans.

The statement also says a German attack north of Caurettes wood in which liquid fire was used, was repulsed.

STRIKERS FORM LABOR UNIONS

In Connection with the Plant of the Westinghouse Electric and Manufacturing Co.

PITTSBURGH, April 22.—Pickets at all entrances to the Westinghouse Electric and Manufacturing Company Saturday morning pleaded so successfully that leaders of the strike inaugurated Friday to enforce an eight-hour day demand declared only 5,000 of the 18,000 employees had entered. Great crowds of strikers filled the streets, leading to the gates, but there was no disorder. Organization of the strikers into locals of the newly formed union was said to be proceeding rapidly.

Inside the shops guards carefully examined the lunch baskets of the workmen who succeeded in passing the pickets, to prevent the introduction of explosives. This regulation was first applied to the shell department, but was later extended to include all the shops.

Leaders of the strike announced they would organize a parade at noon to visit the other towns in the Turtle Creek valley, in an attempt to bring out workmen in a number of factories which do not recognize the eight-hour day. If they succeed, they say, they would have 28,000 men on strike by night.

Later the company announced that the shops were practically closed and added that the grievance committee, which heretofore had conducted all negotiations for the men, had made no demands and that the company was in ignorance, officially, as to what the strike was for. Recently an advance of ten per cent was granted throughout the works.

WOMEN FIGHT.

Nina Hardman and Ruby Ringer were fined \$6.60 each in police court Friday evening for fighting in the Glen Elk skating rink. James Betts, who was arrested along with the women, was discharged, the evidence showing that he was trying to separate the belligerents when Officer Foltz arrived on the scene. Jealousy, it was said, caused the hair pulling contest. The fight occurred late Friday afternoon.

CHASE RESUMED

For the Bandit Who Held Up Many Passengers on Train and Robbed Them.

RAWLINGS, Wyo., April 22.—A sheriff's posse of two dozen mounted on fast horses early Saturday resumed the chase begun Friday night for the bandit who held up nearly fifty passengers on a Union Pacific Limited train west of Hanna, Wyo.

The bandit, described as a tall, handsome youth, boarded the train at Greeley, Colo. After a conversation with the train stenographer he sat down with the train guard. In the course of an hour the man drew two revolvers and compelled the guard to pass his hat before the passengers, who stood with their hands in the air. About \$200 was gathered in the observation car.

POOL ROOM FIGHT.

As a result of an affray in a Glen Elk pool room late Friday afternoon, James Betts was fined \$11.60 and Roy Neff was held guilty at a session of police court Friday evening. The evidence showed that Betts was the aggressor and that Neff was merely defending himself. Officer Foltz arrested the two men.

who was supposed to have died in a local hospital, the Telegram was misinformed, as it was Mrs. C. W. Basford, a sister of Mr. Knight, that was dead. Mrs. Basford was taken to the home of Mr. Knight at Wellsburg Friday and the funeral services and burial will be held at Wellsburg.
